ORLD'S SPEED RECORDS ARE AGAIN ANNIHILATED.

David Bruce Brown, Driving the Benz, Eclipses the Amateur Mile—Other Records Go.

ATEST ATTENDANCE EVER SEEN ON THE BEACH.

BY ALEX SCHWALBACH.

The previous Florida beach automobile records will soon have to be revised, and yesterday's meeting of amateur record went by the board. Even before the time trials, for the permanent possession of the $2,000 Sir Thomas Lipton trophy, first covered a mile in 35 seconds, and then repeated in 34 seconds and on his third and last trial he hurtled the pendulous grey beard over the electric timing tape in 33 seconds, beating his own previous amateur record of a year ago by the plane of 26 3-5 seconds. His competitor, Ralph De Palma, in three great trials, one in 30 seconds and two in 30 1-5 seconds in the driving 60 horsepower Fiat Cyclone, he drove for the first time in famous wave-vaulted natural course.

A 100-mile stock car race, a new one and a mile for stock cars, followed, leafing all the way round the top of 29 miles, inverted the 100 mile in a 30-h. p. Buick in 1 hour, 34 minutes 1 4-5 seconds over a 9-straight-away of ten miles and return, a speed of each lap 20 miles. George Dewitt, driving a 16 h. p. Buick was second, time, 41 minutes, 24 seconds.

The 5-mile motorcycle straightaway record was also broken by Walter Goerke, Brooklyn, N. Y., on a 7-h. p. Indian motorcycle, time 4.5 1-5 seconds. The previous record was that of Ben B. Curtis, now of aeroplane fame, who did a mile on this course on his motorcycle in 46 3-5 seconds a year ago. The bicycle men had their turn in a quarter of a mile dash, which was won by Joseph A. Fogler, of Brooklyn, N. Y., in 30 1-5 seconds, a new track record not only on account of the time, but because no straight-away records for this distance have ever been attempted.

On opening day of this year's meet was noteworthy because it attracted a larger and more brilliant gathering than did any of the days of the previous meets. The weather yesterday was clear and warm, the temperature being 70 in the shade, with a strong, cool wind blowing north and directly off the ocean, tempering the sun's rays, but is also materially shortened the day's program. Most of the four events being started at 2:15, and the races ordered off for 3 o'clock owing to the high wind. The cross wind greatly retarded the speed of all the different classes of cars, but the beach itself was very hard and the experts have declared that has blown itself out, and that the sand will become faster every day and give the speed merchants a chance to chalk up a lot of new world's records.

The two-mile-a-minute speed crown race in which the winner must equal 120 miles an hour, the five mile record motorcycle trials, the two mile open bicycle race and the five mile heat of the invitation match race between Ralph De Palma, Fiat Cyclone; George Robertson, Benz and H. J. Kilpatrick, Hotchkiss was declared off for the day and entered in today's program. Today's program, includes besides the above, the quarter-mile bicycle race for amateurs, half mile bicycle event, kilometer motorcycle record trials, the one mile trial of the invitation match race between the Hotchkiss, Benz and Fiat, the one mile professional bicycle handicap, the second heat in the two-mile-a-minute speed crown race, the five-mile Southern prize and horsepower handicap, the ten-mile amateur motorcycle race, a one, five and ten mile free-for-all, best two in three heats race, between the Hotchkiss, Benz and Fiat and a 200 mile piston displacement class race for stock cars, and finally a ten mile series of motorcycle record trials.

Yesterday's summaries follow:

One-mile, best two in three heats, for the sir Thomas Lipton Trophy:

David Bruce Brown, in High McIntosh's Benz, three trials, time, 38, 33 1-5 and 33 2-5 seconds, first.

Ralph De Palma, in Fiat Automobile Co's. 60-h. p. Fiat Cyclone, three trials, 30, 30 1 5 and 30 1-5 seconds, second.

Best previous mile amateur record, 35 2-5 seconds, David Bruce Brown.

100-Mile Race for Stock Cars: First lap, 20 miles 30 h. p. Buick, Burman driving, in 18 min., 37 seconds; 30 h. p. Buick, Strang driving, in 18 min., 19 seconds; 30 h. p Cadillac, Lytle driving, 18 h. p. Buick, DeWitt driving, in 25 minutes.

Second lap 40 miles: 30 h. p. Buick, Strang, 36 min., 56 3-5 seconds; 18 h. p. Buick, DeWitt, 44 min., 41 seconds; 30 h. p Cadillac, Herbert Lytle, 1 hr., 4 min., 44 4-5 seconds.

Third lap 60 miles: 30 h. p. Buick, Strang, 53 min., 2 seconds; 18 h. p. Buick, DeWitt, 63 min., 25 seconds; 30 h. p Cadillac, Lytle, 1 hr., 27 min., 38 seconds.

Fourth lap 80 miles: Buick 33 H. P., Strang, 73 minutes and 29 3-5 seconds; Buick 18 H. P., DeWitt, 85 minutes and 1 and 3-5 seconds.

Fifth lap final 100 miles: Buick 30 H P., Strang, 94 minutes, 1 4-5 seconds and Buick 18 H. P., DeWitt, 104 minutes and 24 seconds.

One mile motorcycle record trials: Walter Goerke 57 h. p. Indian, 43 1-5; second, 47 4-5 seconds; Robert Stubbs, Birmingham, Ala., 7 h. p. Indian, 48 2-5; second, 48 2-5 seconds; A. G. Chappie, New York, 7 h. p. Indian, 50 seconds; Eugene Gazelle, New York, 6 h. p. N. S. U., 56 3-5 seconds.

Quarter mile bicycle dash: Joseph A. Fogler, Brooklyn, first, time 30 1-5 seconds; second, Worthington L. Mitten, Davenport, Ia.; third, E. F. Root, Boston; fourth, F. Gordon Walker, Australia.

BUILDING OUTLOOK PROMISING.

A Running Reference To Some Of The New Buildings And Enterprises.

MANY IMPROVEMENTS IN SIGHT.

Never in the history of Daytona has the prospect for a season of unprecedented prosperity in the building line been so promising as at the present. The outlook for new buildings of a character which inspire confidence in the future growth, stability and permanency of this city and its suburban settlements.

As will be noted elsewhere in these columns bonds to the amount of $50 000 for a water works plant have been signed and work begins soon on the plant. Nothing so gives security and guarantees permanency as this expenditure.

In Saturday's issue you noted the fact that the Elks will this summer build a handsome new home, and at the same time a splendid new opera house, the building to cost $30 000. This is a most striking toward permanency and a guarantee of greater things yet to come.

The $35,000 school building comes in the nature of a big advance stride, and, like these other institutions, shows the outside world that Daytona is like Gibraltar—here to stay.

It is practically settled that one of Daytona's best hotels will add another hundred rooms in an effort to accommodate the swarming thousands, the majority of whom say Daytona is a match less Florida city, and here they want to spend the best part of their time.

Private residences are now under way and contracts let for others still.

On the other side of the river a new Clarendon is to arise at a cost of $300,000. It will be forgotten this time, and means a great deal to Daytona in giving life and prestige other institutions and enterprises.

It is estimated that in Seabreeze and Daytona Beach fifty new homes will be a rated before another season comes and goes.

This is only a very gratifying situation and those who have built, or who in their faith to Daytona and have interests here may well feel elated over the bright outlook for the future. If the keeps up the Daytona district will double her present population in less than five years.

A new concrete bridge across the Halifax is a question of only a short time and is all probably a belt electric line.

All these things will come and many of you old gray heads will see it, too.

THE SANCTUM ILLUMINED.

W. J. Morgan, accompanied by a trio of New York press representatives descended upon the Daily News office yesterday. In the bunch were: W. H. Hazelton, lineal descendant of Wm Henry, here for his sixth consecutive year and representing New York Tribune, Sun, Herald, Evening Mail and American; W. H. Newton, Brooklyn Eagle, his first trip and he likes the cut of things hereabouts; R. F. Kelsey, associate editor of The Automobile, New York; also representing Motor Age, Chicago, London Daily Telegraph, Les Sports, Paris, and Motor Press Agency, London; Val Valiant, New York, here only two days and acknowledges his infatuation with charming Daytona. Valiant is young in years, but a lion in the speed world, connected with Motor World, Bicycling World and Salt Lake Telegram.

SOME VETERAN CELEBRITIES.

Daytona is entertaining some distinguished veterans of the late war. Gen. Charles F. Gunz, Comptroller of the State of New York, and Hon. W. F. Rice Department Commissioner of Public Safety, are at the Ridgewood. Gen. Gunz was five terms mayor of Albany, and led Gov. Hughes by 43 000 votes, running neck-and-neck with Taft. These celebrities are old cronies of Col. Geo. C. Cunliffe, of Ivy Lane

KILPATRICK'S "RED DEVIL"

ELKS HAVE LARGE VOTE.

The Elks again came into the limelight with the count of Monday evening in the Bush & Safford piano contest when their vote was over 183,000, again of over 174,000 on the Balfour Rifles. The rest of the vote, both in and outside of Daytona, was fairly heavy, the Seabreeze High School and Kingston School each having a good vote. The Daytona High School goes on to the finish in a regular pace, its vote always being a good one.

The parade will be headed by a band and inspiring music will enliven the scene. The musicians will be carried over the circuit in Oliver's big bus.

It must also be borne in mind that there is absolutely no charge or entrance fee connected with entering the parade. The Bridge Company has generously thrown the bridge open free to the automobilists in the parade, and the Daytona Daily News, Lesanne the photographer, and the Florida East Coast Automobile Association have each offered a handsome trophy to be awarded to the first, second and third best decorated cars in the parade.

Decorate your car if you will; if not enter anyway

SHORT TALK ON TIDES.

It is well for residents of inland places, not accustomed to the ocean with its tides, to keep in mind the fact that high tide on the beach precedes low tide by about six hours. It is low tide today at 3.07 p. m. It is therefore high tide about 10 a. m.

Should the wind be blowing from the north, which is hardly likely, it will hold the tide up longer than if the wind were east or south. In case it is blowing from a northerly direction it is not worth your going to the beach at all in the forenoon unless you go rather early in the morning.

A beach of sufficient width and hardness to speed upon may be found this morning from daylight until about 7 a. m. Four o'clock noon and a spin on the beach would be good for both body and soul; try it.

It is a west or southwest wind which gives a wide beach longest. With such wind often you can ride with a good beach at high tide. The strong north wind such as blew Monday and yesterday, makes a fine, smooth beach.

Remember that low tide comes about 50 minutes later each day. Low tide today at 3:07; tomorrow 3:57 and Friday at 4:47.

WORLD'S SPEED RECORDS ARE AGAIN ANNIHILATED.

David Bruce Brown, Driving the Benz, Eclipses the Amateur Mile—Other Records Go.

GREATEST ATTENDANCE EVER SEEN ON THE BEACH.

[BY ALEX SCHWALBACH.]

[illegible] all previous Florida beach automobile events, this week promises to be a record breaker also, and yesterday the one mile amateur record went by the board twice, when young David Bruce Brown, driving the 120 horsepower Benz in the time trials, for the permanent possession of the $2,000 Sir Thomas Dewar Trophy, first covered a mile in [illegible] seconds, and then repeated in [illegible] seconds and on his third and last [illegible] he hurtled the ponderous grey [illegible] over the electric timing tape [illegible] seconds, beating his own previous world's amateur record of a year ago made at this place of 35 3-5 seconds. His only competitor, Ralph De Palma, [illegible] three great trials, one in 36 seconds and two in 36 1-5 seconds in the wide low-lying 60 horsepower Fiat Cyclone which he drove for the first time on the famous wave-washed natural race courses.

The 100-mile stock car race, a new event was also made for stock cars, Strang, leading all the way except the first lap of 20 miles, covered the 100 miles in a 30-h. p Buick in 1 hour, 34 minutes, 1 4-5 seconds over a straightaway course of ten miles and return, making each lap 20 miles. On the other side of the river a new Clarendon is to arise at a cost of $300,000. It will be fireproof this time, and means a great deal to Daytona in giving life and presaging other institutions and enterprises.

It is estimated that in Seabreeze and Daytona Beach fifty new homes will be erected before another season comes and goes.

This is certainly a very gratifying situation and those who have built, or who [illegible] in their faith to Daytona and have interests here may well feel elated over the bright outlook for the future. If this keeps up the Daytona district will double her present population in another five years

A new concrete bridge across the Halifax is a question of only a short time, and next probably a belt electric line. All these things will come and many of you old gray heads will see it, too.

THE SANCTUM ILLUMINED.

W J. Morgan, accompanied by a trio of New York press representatives descended upon the Daily News office yesterday In the bunch were: W. H. Harrison, lineal descendant of Wm Henry, here for his sixth consecutive year and representing New York Tribune, Sun, Herald, Evening Mail and American; W. H. Newton, Brooklyn Eagle, his first trip and he likes the cut of things hereabouts; R. F. Kelsey, associate editor of The Automobile, New York; also representing Motor Age, Chicago, London Daily Telegraph, Les Sports, Paris, and Motor Press Agency, London; Val Valiant, New York, here only two days and acknowledges his infatuation with charming Daytona. Valiant is young in years, but a lion in the speed world, connected with Motor World, Bicycling World and Salt Lake Telegram.

SOME VETERAN CELEBRITIES.

Daytona is entertaining some distinguished veterans of the late war. Gen. Charles F. Gans, Comptroller of the State of New York, and Hon. W. F. Rice Department Commissioner of Public Safety, are at the Ridgewood. Gen. Gans was five terms mayor of Albany, and led Gov. Hughes by 43.000 votes, running neck-and-neck with Taft. These celebrities are old cronies of Col. Geo. C. Cantine, of Ivy Lane

KILPATRICK'S "RED DEVIL"

ELKS HAVE LARGE VOTE.

The Elks again came into the limelight with the count of Monday evening in the Bush & Safford piano contest when their vote was over 183,000, again of over 174,000 on the Halifax Rifles.

The rest of the vote, both in and outside of Daytona, was fairly heavy, the Seabreeze High School and Kingston School each having a good vote. The Daytona High School goes on to the finish in a regular pace, its vote always being a good one.

SPECTACULAR WILL BE THE PARADE.

Probably 150 Cars In Line Headed By Band, Flags Fluttering In Breezes.

DECORATORS BUSY THIS MORNING

The big automobile parade which is to take place this morning, starting from the foot of Orange avenue on Beach, is attracting general interest.

More than a hundred have arranged to participate and it is expected that when the hour for the line-up arrives fully 150 machines will be on hand to join the merry throng.

The parade will be headed by a band and inspiring music will enliven the scene. The musicians will be carried over the circuit in Oliver's big bus.

It must also be borne in mind that there is absolutely no charge or entrance fee connected with entering the parade. The Bridge Company has generously thrown the bridge open free to the automobiles in the parade, and the Daytona Daily News, Lesesne the photographer, and the Florida East Coast Automobile Association have each offered a handsome trophy to be awarded to the first, second and third best decorated cars in the parade.

Decorate your car if you will; if not enter anyway

A HANDSOME NEW COMER.

A handsome new comer reached town yesterday and is very much admired She is a regular "peacherino." All the men are angling as she moves with graceful, sweeping strides up and down the avenues. A "lead-me to-it" expression is observed on every masculine face as she passes.

She is Miss Vermilion Lambert, a four-cylinder, five-passenger touring car, deep red, vermilion trimming.

She was built by The Buckeye Manufacturing Company, Anderson, Ind., is a 30 h. p. 1909 model, and Geo. F. Crouch is the fortunate owner.

Hotel site for sale or lease, any portion of 800 feet ocean front, also avenue front, 300 feet deep running through to Grandview avenue. Located one block north of former Clarendon Hotel. H. L. K., Cherokee Cottage, on beach, Seabreeze. 93-tf

CHICKENS MUST BE COOPED UP.

Retiring Council's Pet Street Names Don't Go With Present Council.

SIT HARD ON E. F. TELEPHONE CO.

Council met in regular session Monday evening, President Gove in the chair. Present: Aldermen Osborne, Conrad, Schmidt and Klock.

Bills to the amount of $185.75 presented and ordered paid.

The report of the city physician presented and accepted.

A communication from the City Treasurer demanding the auditing of his books, etc., was read. It was accordingly moved and carried that the Finance Committee either audit School Trustees', City Treasurer's and other city officials' books or hire an auditor to do so.

An ordinance to grant to the East Florida Telephone Company a franchise to construct, operate and maintain telephone system was returned by Ordnance Committee. Moved by Alderman Schmidt, seconded by Alderman Klock to table same. Carried unanimously.

Ordinance committee presented an ordinance entitled "An ordinance providing for and requiring bonds to be furnished by the members of the Board of Public Works of the City of Daytona." Carried. Amount filled in at $10,000.

Ordinance committee presented an ordinance entitled An ordinance to repeal an Ordinance entitled 'An Ordinance to change the names of certain Streets and Avenues in the City of Daytona." Passed on first and second readings, all voting "aye" but Alderman Osborne who voted "no," wishing streets renamed as done by retiring council.

An ordinance was presented and passed on first reading to prohibit the running at large of chickens, turkeys, geese, and other domestic and domesticated fowls in the city of Daytona.

E. L. Stewart, M. D., was appointed city physician for ensuing year.

SHORT TALK ON TIDES.

It is well for residents of inland places, not accustomed to the ocean with its tides, to keep in mind the fact that high tide on the beach precedes low tide by about six hours. It is low tide today at 3:07 p. m.. It is therefore high tide about 10 a. m.

Should the wind be blowing from the north, which is hardly likely, it will hold the tide up longer than if the wind were east or south In case it is blowing from a northerly direction it is not worth your going to the beach at all in the forenoon unless you go rather early in the morning.

A beach of sufficient width and hardness to speed upon may be found this morning from daylight until about 7 a. m. Four o'clock mass and a spin on the beach would be good for both body and soul; try it.

It is a west or southwest wind which gives a wide beach longest. With such wind often you can ride with a good beach at high tide. The strong north wind such as blew Monday and yesterday, makes a fine, smooth beach.

Remember that low tide comes about 50 minutes later each day. Low tide today at 3:07; tomorrow 3:57 and Friday at 4:47.

Enlivened His Sermon.

A minister of Crossleigh, in Fife, frequently talked from the pulpit to his hearers with amusing and indeed irreverent familiarity. Expounding a passage from Exodus one day, he proceeded thus: "And the Lord said unto Moses"—stuck that door! I'm thinking if ye had to sit beside the door yersel' ye wadna be soe ready leaving it open. If ye just heedle that door that Tammas Tamson, the beilman, got his death o' cauld, and I'm sure, honest man, he didna let it stay mackle open. 'And the Lord said unto Moses'—I see a man sneesh the left wi' his hat on. I'm sure, man, ye're clear o' the scosh o' that door there. Keep off your tinsel, Thomas, and if your bare pow be cauld ye maun just get a gray worsted wig, like mysel'. They're no sae dear—plenty o' them at Bob Gillespie's for 10 pence apiece." The reverend gentleman then proceeded with his discourse.

A Sample of His Nerve.

Buck Taylor, the showman, was a great friend of Captain William O'Neill, the rough rider who was killed at Las Guasimas, Cuba, in the Spanish-American war. O'Neill was sheriff of Tucson, Ariz., when Taylor became accustomed with him, and on more than one occasion the cowboy rendered the sheriff a service.

"Did O'Neill deserve the reputation he held for nerve?" Taylor was once asked.

"Well," he said and then hesitated, as if careful to choose the right words. "I don't think there was anything that Bucky O'Neill was afraid of. Once he went into a den where ten of the pals of a murderer and train robber lay in wait after news scattered, and his head on the man's shoulder and walked him out. He had not a friend or ally within sight or hearing. Was that nerve?"

She Had Tested the Oyster.

Dora, the pet of the household, was very fond of oysters, and after eating her lunch of oysters and crackers she thought of her dear mother busy at her sewing machine. She secured a nice bowl, spent, got it in a plate and carried it to her mother, who, pleased with her little daughter's thoughtfulness, ate the oysters and said:

"It is most as good as my little girlie."

"Yes," answered Dora, "I knew it is good 'cause I licked it all the way from the kitchen."—Delineator.

What to Do in an Emergency.

Shipwrecked.—Go ashore as soon as possible; remain wet clothing and relate your experiences to nearest reporter. Add photograph if possible.

Baby, Cat, Asleep on Face Of.—Remove cat.

Train, Run Over By.—Remove train, using force if necessary. Upon release acquaint nearest station master with the facts and proceed as in case of shipwreck.

Pantry, Burglar In.—Procure a copy of the Tariff Reform league's latest publication on free food fallacies and read same to intruder, taking care to eliminate most telling arguments. The countries cruelest will at once turn over a new leaf and express his sorrow. Under the circumstances you will do well to accept his assurance of regret.

Orient, Having Committed or Being Suspected Of.—Apply to nearest outside ball manager for an engagement. Inclet on being put among the "star" turns and demand a salary proportionate to the gravity of the crime in question.—Punch.

Not Worth It.

A young man, after his banns had been twice announced, called upon the busy vicar early one morning. He wanted to have a private word with him about the banns.

"Well," said the vicar, "what is wrong?"

"Oh, it's the girl's name."

"Hasn't it been given correctly?"

"Oh, yes, it's correct enough, but I want you to put another girl's name for the third calling. I've changed my mind and would rather marry Mary Arris instead of Sarah Jenkins."

The vicar lectured the youth upon his fickleness and told him if he wanted any alteration it would be necessary to make a fresh start and have the banns published afresh.

"What, and pay another shilling?" gasped the lover.

"Certainly," replied the vicar.

"Well, in that case you had better let it be as it is, and I'll marry my first love."—Pearson's Weekly.

A Rude Youth.

"How do you account for this, ma'am?" And he held aloft a lump of coal which he had just dug out from the kitchen grate.

The landlady slightly flushed.

"I suppose the poor cows sometimes stray along the railroad track," she said. "But you must admit the steak is tender."

He thumped the coal with his knife. "Yes," he said harshly, "locomotive tender."

And the meal progressed in silence.—Cleveland Plain Dealer.

Mr and Mrs. C. Weibering, of Cleveland, Ohio, who are stopping at the Riverside, are so pleased with Daytona that they are contemplating renting a cottage and spending the summer here.

Enlivened His Sermon.

A minister of Crosmichael, in Fife, frequently talked from the pulpit to his hearers with amusing and indeed irreverent familiarity. Expounding a passage from Exodus one day, he proceeded thus: "'And the Lord said unto Moses'—anock that door! I'm thinking if ye had to sit beside the door yersel' ye wadna be sae ready leaving it open. It was just beside that door that Yedam Tamson, the bellman, got his death o' cauld, and I'm sure, honest man, he didna let it stay muckle open. 'And the Lord said unto Moses'—I see a man aneath the laft wi' his hat on. I'm sure, man, ye're clear o' the soogh o' that door there. Keep aff your bannet, Thamas, and if your bare pow be cauld ye maun just get a gray worsted wig, like mysel'. They're no sae dear—plenty o' them at Bob Gillespie's for 10 pence apiece." The reverend gentleman then proceeded with his discourse.

A Sample of His Nerve.

Buck Taylor, the showman, was a great friend of Captain William O'Neill, the rough rider who was killed at Las Guasimas, Cuba, in the Spanish-American war. O'Neill was sheriff of Tucson, Ariz., when Taylor became acquainted with him, and on more than one occasion the cowboy rendered the easterner a service.

"Did O'Neill deserve the reputation he held for nerve?" Taylor was once asked.

"Well," he said and then hesitated, as if careful to choose the right words, "I don't think there was anything that Bucky O'Neill was afraid of. Once he went into a den where ten of the pals of a murderer and train robber he was after were gathered, laid his hand on the man's shoulder and walked him out. He had not a friend or ally within sight or hearing. Was that nerve?"

She Had Tested the Oyster.

Dora, the pet of the household, was very fond of oysters, and after eating her lunch of oysters and crackers she thought of her dear mother busy at her sewing machine. She selected a nice large oyster, put it in a plate and carried it to her mother, who, pleased with her little daughter's thoughtfulness, ate the oyster and said:

"It is most as good as my little girlie."

"Yes," answered Dora, "I know it is good 'cause I licked it all the way from the kitchen."—Delineator.

What to Do In an Emergency.

Shipwrecked.—Go ashore as soon as possible; remove wet clothing and relate your experiences to nearest reporter. Add photograph if possible.

Baby, Cat, Asleep on Face Of.—Remove cat.

Train, Run Over By.—Remove train, using force if necessary. Upon release acquaint nearest station master with the facts and proceed as in case of shipwreck.

Pantry, Burglar In.—Procure a copy of the Tariff Reform league's latest publication on free food fallacies and read same to intruder, taking care to elucidate most telling arguments. The contrite cracksman will at once turn over a new leaf and express his sorrow. Under the circumstances you will do well to accept his assurance of regret.

Crime, Having Committed or Being Suspected Of.—Apply to nearest music hall manager for an engagement. Insist on being put among the "star" turns and demand a salary proportionate to the gravity of the crime in question.—Punch.

Not Worth It.

A young man, after his banns had been twice announced, called upon the busy vicar early one morning. He wanted to have a private word with him about the banns.

"Well," said the vicar, "what is wrong?"

"Oh, it's the girl's name."

"Hasn't it been given correctly?"

"Oh, yes, it's correct enough, but I want you to put another girl's name for the third calling. I've changed my mind and would rather marry Mary 'Arris instead of Sarah Jenkins."

The vicar lectured the youth upon his fickleness and told him if he wanted any alteration it would be necessary to make a fresh start and have the banns published afresh.

"What, and pay another shilling?" gasped the lover.

"Certainly," replied the vicar.

"Well, in that case you had better let it be as it is, and I'll marry my first love."—Pearson's Weekly.

A Rude Youth.

"How do you account for this, ma'am?" And he held aloft a lump of coal which he had just dug out from the sirloin steak.

The landlady slightly flushed.

"I suppose the poor cows sometimes stray along the railroad track," she said. "But you must admit the steak is tender."

He thumped the coal with his knife.

"Yes," he said harshly, "locomotive tender."

And the meal progressed in silence.—Cleveland Plain Dealer.

The Modern Seven Wonders

Daytona's Incomparable Ocean Beach.

One of Daytona's crowning glories is her incomparable beach. No one who ever set foot upon its smooth, packed sands; no one who ever pedaled a bicycle over its expanse; no one who ever drove a prancing pair of horses and listened to the popping of their steel shoes upon its asphaltum-like face; no one who ever steered a high-power automobile down the broad stretch of wave-washed and surf-packed sand but realized that it is a world-beater, a world-wonder. Go stand upon this wide speedway and see the happy souls flit by in joyous mood, and answer whether this is not one of the seven modern wonders.

The Placid, Pellucid Halifax River.

Where think you is water with more picturesque surroundings? Nearly a mile wide, fringed with tropical vegetation, artistic cottages with roomy verandas looking out upon her bosom, gamey food fishes in countless numbers beckoning, as it were, to those with rod and reel; her bosom flecked with duck and shot and snowy-winged sea birds, which sit about as if for the sport of bobbing upon her waves; watch that lubberly old white headed fellow pow'ful a fat mullet, and that fish hawk rising upward with his floundering load he snatched from the water.

See the beautiful launches, spick and span, their hampers and lockers bulging with refreshments both solid an liquid ready for a cruise upon her beautiful surface. Take out your field glass and sweep the river from Ormond bridge to Ponce Park light house, then say whether the Halifax isn't a thing of beauty and a joy forever, and one of the modern wonders.

The Enchantingly Picturesque Ridgewood.

Ridgewood avenue is upon the crest of a broad ridge, straight as the crow flies, and the wide-spreading branches of the heavy-trunked live-oaks extend their giant arms across this magnificent vista, forming an arch, and from these extended arms great festoons of Spanish moss sway as the trade winds from tropic seas fan them. Looking straight ahead down this white shell street one has the impression of a fairy path with other-than-terrestrial beauty, but as you move along and cast an eye first to the right and then to the left you are distinguished cottage homes in the most delightful settings.

Surpassing Beauty of Our Cottage Homes.

No one of Daytona's attractions, perhaps commands more nearly universal attention and praise than does the artistic cottage. The owners of these charming villas hail from every corner of the country and they bring their own architectural plans and build upon them, and as the architecture of one section of the country differs from the architecture of another so do our homes differ in outward appearance and structural beauty from one another. There are no monotonous rows of strikingly similar buildings but the eye, as it sweeps by, is treated to a kaleidoscopic change which keeps the mind wondering "What next?"

Streets and Pavements the Best and Best.

Why the Architect of the Universe chose to give to Daytona the most admirable, the most picturesque natural setting of all the cities of the South is not revealed but that such is a fact must be apparent to the most superficial observer. With such lavish wealth of natural beauty it became an easy thing for the hand of man to give the little finishing touches which have brought out the colors and outlines of the big picture.

Man did all this in the laying out of the streets with their wide margins of parkage, the entire city becomes a great park.

And as for pavements, pavements that look and act like granite, whether else between the eastern and western seas are so many miles in proportion to inhabitants? Till some unheard-of place reports more and better, Daytona throws down the gauntlet to the world.

Sunbeds, Flowers, Birds and Fruits.

Whatever one's shortcomings and however indifferent or eve callous one may be to many things, the mere mention of "squirrels and flowers, birds and fruits" will send a thrill that is reflected in distended pupils and pricked ears.

For every visitor with a spare "goober" there is a bunny ready to come out and accept your gift. He will sit bolt upright and gnaw into the most exciting furtive, savvy glances at you mean while.

Flowers! Usually fresh and blooming the year 'round. In one yard rows of variegated hues predominate, another has a penchant for the poinsettia and the premises are aflame; another is hidden in a jungle of tall cane.

The birds flit in, and with their joyous notes help to give fullness and symmetry to the picture.

As for fruits, choice citrus fruits, Daytona yields the palm to none for quality and quantity per acre. There are scores of citrus groves in proximity to the city, branches bending to the earth with their burdens of luscious golden globes.

The Finest Autos And The Finest Out.

Here is where world's records for speed are broken with every recurring month. Autos the biggest, the fastest and the finest are on daily parade and the big show is as free as the pure artesian water from the thousand flowing wells. It is a continuous show with constantly shifting scenes. You will probably catch the spirit and when you do the roads and the beach are yours. The Florida sunshine is free, the balmy ocean breezes are free, the birds and squirrels and flowers are free, the sparkling fountain water is free and you will have to go down in your wallet only for coin for the auto and bed and board.

This is no fanciful picture; it's all here. It is drawing other thousands and holding them enthralled, it will charm and hold you. Come and see.

Somewhat Puzzling.

It is not at all surprising that the American vernacular should sometimes prove a little too much for the Englishman. A case in point was that of a visitor from London who came to New York last summer and was taken by his host to see one of the league baseball games at the Polo grounds. The game had progressed as far as the third inning without anything in particular happening, when suddenly one of the Giants pounded out a three bagger that set everybody howling with joy.

"What was a bird?" ejaculated the Englishman's host after the excitement had subsided.

A moment later a foul tip sent the ball flying back to the grand stand.

"And what do you call that?" queried the Englishman.

"That's a foul," said his host.

"Ah," returned the Englishman, "a fowl, eh? Well, it seems to me that the leavings of fowl is most extraordinary. A fowl is a bird and a bird is a fowl, and yet you use these terms to describe two things that seem to me to be diametrically opposed to each other. Do you call that logical?"

The Englishman is still trying to think it out.—Tit-Bits Weekly.

The Modern Seven Wonders

Daytona's Incomparable Ocean Beach.

One of Daytona's crowning glories is her incomparable beach. No one who ever set foot upon its smooth, packed sands; no one who ever pedaled a bicycle over its expanse; no one who ever drove a prancing pair of horses and listened to the popping of their steel shoes upon its asphaltum-like face; no one who ever steered a high-power automobile down the broad stretch of wave-washed and surf-packed sand but realized that it is a world-beater, a world-wonder. Go stand upon this wide speedway and see the happy souls flit by in joyous mood, and answer whether this is not one of the seven modern wonders.

The Placid, Pellucid Halifax River.

Where think you is water with more picturesque surroundings? Nearly a mile wide, fringed with tropical vegetation, artistic cottages with roomy veranda's looking out upon her bosom, gamey food fishes in countless numbers beckoning, as it were, to those with rod and reel; her bosom flecked with duck and coot and snowy-winged sea-birds, which sit about as if for the sport of bobbing upon her waves; watch that lubberly old white headed pelican pouch a fat mullet, and that fish hawk struggling upward with his floundering load he snatched from the water.

See the beautiful launches, spick and span, their hampers and lockers bulging with refreshments both solid an liquid ready for a cruise upon her beautiful surface Take out your field glass and sweep the river from Ormond bridge to Ponce Park light house, then say whether the Halifax isn't a thing of beauty and a joy forever, and one of the modern wonders.

The Enchantingly Picturesque Ridgewood.

Ridgewood avenue is upon the crest of a broad ridge, straight as the crow flies, and the wide-spreading branches of the heavy-trunked live-oaks extend their giant arms across this magnificent vista, forming an arch, and from these extended arms great festoons of Spanish moss sway as the trade winds from tropic seas fan them. Looking straight ahead down this white shell street one has the impression of a fairy path with elfish draperies, but as you move along and cast an eye first to the right and then to the left you see distinguished cottage homes in the most delightful settings.

Surpassing Beauty of Our Cottage Homes.

No one of Daytona's attractions, perhaps commands more nearly universal attention and praise than does the artistic cottage. The owners of these charming villas hail from every corner of the country and they bring their own architectural plans and build upon them, and as the architecture of one section of the country differs from the architecture of another so do our homes differ in outward appearance and structural beauty from one another. There are no monotonous rows of strikingly similar buildings but the eye, as it sweeps by, is treated to a kaleidoscopic change which keeps the mind wondering "What next?"

Streets and Pavements the Most and Best.

Why the Architect of the Universe chose to give to Daytona the most admirable, the most picturesque natural setting of all the cities of the South is not revealed but that such is a fact must be apparent to the most superficial observer. With such lavish wealth of natural beauty it became an easy thing for the hand of man to give the little finishing touches which have brought out the colors and outlines of the big picture.

Man did all this in the laying out of the streets with their wide margins of parkage, the entire city becomes a great park

And as for pavements, pavements that look and act like granite,—where else between the eastern and western seas are so many miles in proportion to inhabitants? Till some unheard-of place reports more and better, Daytona throws down the gauntlet to the world.

Squirrels, Flowers, Birds and Fruits.

Whatever one's shortcomings and however indifferent or eve callous one may be to many things, the mere mention of "squirrels and flowers, birds and fruits" will send a thrill that is reflected in distended pupils and pricked ears.

For every visitor with a spare "goober" there is a bunny ready to come out and accept your gift. He will sit bolt upright and gnaw into the meat, casting furtive, saucy glances at you meanwhile.

Flowers! Usually fresh and blooming the year 'round. In one yard roses of variagated hues predominate, another has a penchant for the poinsettia and the premises are aflame; another is hidden in a jungle of tall cane.

The birds flit in, and with their joyous notes help to give fullness and symmetry to the picture.

As for fruits, choice citrus fruits, Daytona yields the palm to none for quality and quantity per acre. There are scores of citrus groves in proximity to the city, branches bending to the earth with their burdens of luscious golden globes.

The Fastest Autos And The Finest Out.

Here is where world's records for speed are broken with every recurring season. Autos the biggest, the fastest and the finest are on daily parade and the big show is as free as the pure artesian water from the thousand flowing wells. It is a continuous show with constantly shifting scene. You will probably catch the spirit and when you do the roads and the beach are yours. The Florida sunshine is free, the balmy ocean breezes are free, the birds and squirrels and flowers are free, the sparkling fountain water is free and you will have to go down in your wallet only for coin for the auto and bed and board.

This is no fanciful picture; it's all here. It is drawing other thousands and holding them enthralled, it will charm and hold you. Come and see.

Somewhat Puzzling.

It is not at all surprising that the American vernacular should sometimes prove a little too much for the Englishman. A case in point was that of a visitor from London who came to New York last summer and was taken by his host to see one of the league baseball games at the Polo grounds. The game had progressed as far as the third inning without anything in particular happening, when suddenly one of the Giants pounded out a three bagger that set everybody howling with joy.

"That was a bird!" ejaculated the Englishman's host after the excitement had subsided.

A moment later a foul tip sent the ball flying back to the grand stand.

"And what do you call that?" querled the Englishman.

"That's a foul," said his host.

"Ah," returned the Englishman, "a fowl, eh? Well, it seems to me that the language of baseball is most extraordinary. A fowl is a bird and a bird is a fowl, and yet you use these terms to describe two plays that seem to me to be diametrically opposed to each other. Do you call that logical?"

The Englishman is still trying to think it out.—Harper's Weekly.
